TIP KJTK SEARCH INFO/TIP

What is KJTK(Articles DB) Search?

It is a field search that allows the user with detailed information to search within constructed KJTK DB by typing words into corresponding categories. When doing field search, each word applies **AND(&)** operator and **Boolean method** can be used to each field.

Field	Example	Explanation
Title	Red & Ginseng	searches titles that include Red and Ginseng
ISBN	1234-5678	searches by International Standard Book Number
Name of an Institute	Korean Food	Searches "Korean Food" without "Korean"
IPC Classifying Code	A01K	searches by IPC classifying code
Date of issue	20000901 ~ 20051001	searches KJTK issued between 2000 in 2005 and 1001 in 2005
Automatic Property	Expanded	searches by automatically expanding keywords
